

Unlabelled Run 2018

Did you join us at the 3rd edition of the Unlabelled Run on 2 Sept 2018 at East Coast Park? G.O.H. Minister Grace Fu, together with more than 4000 participants, supported the event to urge society to remove the labels on ex-offenders and others, believing in hope and change for every individual.

The Unlabelled Run is not just about giving ex-offenders second chances. It is about recognizing the strengths, potential and contributions of transformed lives. The highlight of the Unlabelled Run is the symbolic act of removing the tattoo sleeves given to every participant, signifying the unlabelling of youths and other marginalised communities.
